

Rycote - On Location

Our customers are involved with some amazing projects and use Rycote products out in the field every day.

Our 'On-Location' series of interviews feature the people who use our industry-leading products 'out in the wild' - on location. We talk with the sound professionals who use Rycote products extensively in the field, and who put our products through the harshest tests on a daily basis. Our popular, hand-picked and informative interviews are packed with tips and tricks, fascinating location photos, and insights from unique and talented individuals, shedding light on this sometimes 'hidden' but always essential part of the Film & TV industry.

Professional Microphone Windshields
& Shock Mounts

PRODUCTION • SPORT • NEWS

PRODUCTION SOUND

Trust Rycote to help you capture the best possible audio for TV & motion picture applications.

Wherever in the world the shoot is — indoors or outside; drama, factual, documentary or feature film — Rycote helps you get the cleanest, clearest audio, whatever the conditions and however tough the going gets.

Cyclone - Quick, Clear and Consistent. . . beautifully transparent with quick 'on/off' functionality, it's the perfect windshield choice for drama.

Modular - The original, time-tested, complete windshield system for utter dependability and incredible isolation from both wind and handling noise.

Super-Softie® & Boom Shock Mounts - Rycote's InVision mounts and Super-Softie slip-on windshields are perfect for discreet, low-profile boom mounted use in all those environments where full basket wind-shielding is not required.

Personal mic solutions - To streamline the whole process of miking talent, and keeping those lavalier mics hidden!

SPORTS BROADCAST

Rycote has a total system to help capture sound for broadcast sport that's better than being there!

Durable, dependable and weather resistant products for capturing the full atmosphere of the sports event, including:

Modular & Super-Shield - Full protection basket windshields for static applications on track, field or course.

Classic/Super-Softie - Lightweight & robust; quick and easy slip-on windshields for mobile/roving applications.

Duck Raincover - For extra protection against the elements.

Personal mic solutions - To simplify the process of miking the talent, for the perfect post-match interview.

NEWS BROADCAST

Don't leave anything to chance - trust Rycote to help you capture the highest quality audio as the story develops.

For news gathering or breaking news on the scene, Rycote's easily-operated, durable and weather-resistant solutions are designed to capture the best possible audio. From windshields to boom poles, foams and mic flags, Rycote delivers utterly reliable sound and an unmistakable visual presence synonymous with news networks around the globe.

Classic/Super-Softie - Lightweight & robust; quick and simple slip-on windshields for both on- and off-camera applications.

Personal mic solutions - To speed up and simplify the process of miking for interviews.

Mic Flags - Get your branding seen on screen.
