## More Information

For more information on the Softie-Lite Kit:  
<http://rycote.com/microphone-windshield-shock-mount/boom-shock-mounts/>

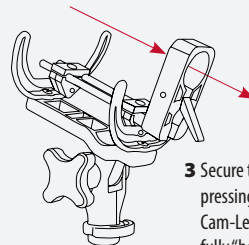

2

## Fitting Microphone

1 Lift Cam-Lever up, so that the lever is roughly parallel with the metal rods within the TPD sleeve

2 Slide the rear of the microphone into the Cantilever Clamp in this direction

3 Secure the mic by pressing down the Cam-Lever until fully "home"

Ensure that the mic is held in the clamp as shown in the image on the front page, i.e. not gripping the XLR connector, but the rear of the mic itself.

To remove the microphone lift (open) the Cam-Lever (see fig.1) to release & then slide the mic out of the Cantilever Clamp.

3

## Fitting Softie-Lite

To fit the Softie-Lite, slide & twist it on from the front of the microphone, until the cancellation slots are covered.

InVision® Boom Shock Mount

# Quick Start Guide

## Softie-Lite Kit

Thank you for choosing the Softie-Lite Kit! The following Quick Start Guide provides you with the basics to get you started.

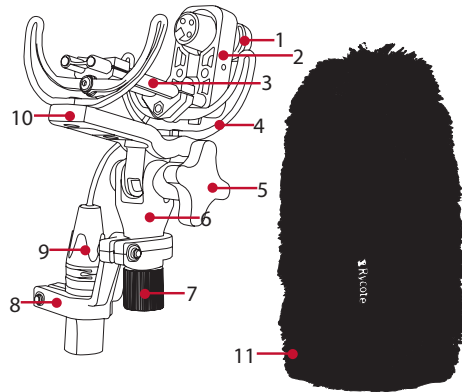

*Full details about this product are available on our website.*

## Overview

### Go faster.

The Softie-Lite Kit is an all-in-one solution designed specifically for internal boom use. Comprising a Softie-Lite windshield; an INV-Lite shock-mount and an XLR cable with holder, this Kit offers a focused solution for smaller, lighter shotgun microphones.

## What's in the box?

- InVision® INV-Lite shock-mount
- Softie-Lite windshield
- Pre-fitted XLR cable (XLR-3M to short right-angled XLR-3F)
- Brass 3/8" M to 5/8" F adaptor
- Softie-Lite Kit Quick Start Guide

## Features

- INV-Lite shock-mount, fitted with XLR holder on boss.
- Softie-Lite windshield.
- Pre-fitted XLR cable (XLR-3M to short right-angled XLR-3F).
- Lightweight – just 217g (inc. Softie-Lite).
- Designed for shorter, lighter shotgun mics.
- Unique design ensures cancellation slots are free.
- Patented Lyre® technology with new 'wide' Lyre® design.
- Balanced and lightweight, perfect for indoor boom work.
- Revolutionary cam-lever clamp system.
- Robust, reliable Rycote quality.
- Softie-Lite provides more protection against plosives and wind-noise than a foam windshield.
- Softie-Lite allows for outdoor use – in light winds.
